

SAYS LEAGUE IS CRIMINAL OF POLITICS

W. J. Morgan Declares Non-Partisan League Is Too Red for Socialists.

INDICTED ON THREE COUNTS

Candidate for Attorney General Exposes Workings of Townley Gang.

Urging the republicans to split their ticket and support Col. Robert B. McCoy for governor, and branding the Non-Partisan league as a dangerous organization, William J. Morgan, Milwaukee, republican candidate for attorney general, delivered a forceful address at the armory Thursday evening. He presented a continuous volume of evidence exposing the activities of the league and explained how Senator Robert M. La Follette is trying to defeat the republican party merely because of a personal grudge. The speaker was introduced by J. P. Frank, who told the audience that they were to hear a man whose victory might have been easy if he had wanted to keep still. Realizing the situation that faced Wisconsin, he is appearing all over the state, stating his views unmistakably.

Mr. Morgan paid tribute to Mark Catlin, candidate for assembly in the first district, who was one of the men who led in the stand for the principles of the republican party when the platform was made up. He also mentioned Anton Kuchuk, Shawano, candidate for state senator, and C. M. Perry, Oshkosh, candidate for assemblyman, who were deserving of support because of their unflinching stand for right.

Poored at G. O. P.

It was the contention of Mr. Morgan that Senator La Follette did not support the Non-Partisan league or James M. Thompson, independent candidate for senator, because he believed in them. He merely believed they would win out so as to defeat the republican party. It was stated that he would seek support Dr. Paul Reinsch, the democratic candidate for senator, if he thought the man would win.

League in Issue

"The issue is a double one," stated the speaker. "We must face the question of whether the republican party is to be captured by the Non-Partisan league, or whether the state of Wisconsin is to fall into the hands of the league."

Quoting a North Dakota newspaper which was summing up the Wisconsin situation, he said: "Are we to let these gentlemen from North Dakota decide who shall run Wisconsin; whom we shall elect to sit in the legislative chamber; or whom we shall send to the United States senate? I regard this threat as about the most serious political crisis in the last 20 years."

The speaker then turned to an indictment of the Non-Partisan league on three counts. He said he would turn lawyer for a few moments and regard the league as a criminal before the bar, and would present the evidence on which to convict it.

His first accusation was that the league is a dangerous organization and a menace to our well being. A. C. Townley, its head and founder was originally a socialist, he stated, was once a candidate for office on the socialist ticket and is now under sentence by the courts of Minnesota for alleged disloyalty acts. Fifty-eight of the 60 associates listed with him are "red card" socialists.

200 Reds for Socialists

Mr. Morgan maintained that the league was too radical for even the socialists such as are found in Milwaukee and along Lake Michigan shores. Victor Berger refused to enter into a working agreement with them. The chief organizer of the league, Senator Zumach, now located at Madison, was formerly a socialist, he was expelled from the socialist party, along with Glen Turner, because of his activities in the Non-Partisan league.

Only farmers could join the organization, Mr. Morgan stated, and the working men were therefore asked to support a body that they could not join. He said the farmers "paid the freight" but had no say in the conduct of the league, as its policies were determined by Townley. He showed that while these men were scoring the republican party for alleged squandering of money in the campaign, the Non-Partisan league was spending about \$100,000 in Wisconsin in its publication department, and \$380,000 for political purposes. This all came out of the membership fee of \$18, only \$240,000 of which was devoted to the league organization. Six dollars of the fee was paid the deputy organizer, and Mr. Morgan said that was one reason why the league was so popular with a certain farmer living in Outagamie county. It was also shown how the farmers poured money into the cooperative stores of North Dakota and were hoodwinked out of their money through clever business schemes. A large surplus not used for store purposes was also used in the political campaigns.

How League Works

Activities of Non-Partisan League in North Dakota were described by Mr. Morgan. He showed how they had amended their constitution, law so anybody could assist a man to vote, making it easy to buy off an election. One woman, Minnie Nielsen, had been elected to office in the state, but she

BANKERS RUN QUICK REPEAL OF PROFIT TAX

Resolution Declares Taxes Are Inequitable and Stop Achievement.

INDORSE RAILROAD LAW

Esch-Cummins Bill O. K. Except That Bankers Should Be Directors.

By United Press Leased Wire
Washington.—Immediate repeal of the excess profits tax and revision of surtax rates were demanded in a resolution adopted at the closing sessions of the American Bankers' association convention today.

The excess profits tax was described as "unsuccessful and inequitable" and the surtaxes as a brake upon achievement.

The convention recommended that revision be undertaken by congress with help of an advisory committee of bankers and businessmen.

Artificial manipulation intended to influence prices was condemned and demands for the granting of government assistance to enable the holding of commodities for price changes. Labor was "called on to abandon the economic fallacy" that the curtailment of output will improve conditions since "only through increased production can wealth be evenly distributed."

Immigration should be encouraged, the resolution on that subject said, but caution should be used as to the character of the immigrant admitted.

The Esch-Cummins railroad act was endorsed but amendments to permit bankers and businessmen to serve as railroad directors were urged.

The government was urged to bring about world-wide distribution of American products and greater development of the consular and trade service.

GARY ADVISES CUT IN STEEL PRICES

Spirit of Confidence Must Be Restored; Head of Steel Company Says.

By United Press Leased Wire
New York.—Further adjustment of steel prices must be made, E. H. Gary, chairman of the board of directors of the United States Steel corporation, told the American Iron and Steel Institute here today.

Gary said he considered voluntary reduction in selling prices and decreases in orders to certain lines of the industry as a healthful condition. "All, or nearly all of us, have for months been unable to supply the demands of our customers as to quantity or deliveries and our prices, considered as a whole, have resulted in profits," Gary said.

"As a matter of course, some adjustments will have to be made. The average of the general scale ought to be reduced equitably and relatively. Without referring to individual cases or lines or general business, I believe in many instances prices have been out of line. This observation applies more especially to middlemen, as called on, and to smaller departments of industry. It also included employees in certain trades but it does not pertain under present conditions to the masses of workmen."

"Labor questions are always under consideration in this country and others. It should be constantly borne in mind that in order to secure the best results both to employee and employer, mutual confidence and friendly cooperation are essential.

"The present tendency is toward a lower and more reasonable and fairer relative basis. The whole community desires and strives for this. The difficulty is found in the fact that every individual is perfectly willing that all others shall make reductions, the larger the better. As there was more or less a scramble for higher and higher prices when they were advancing there will be just as much selfishness in enforced use of brakes when there is a tendency toward decreasing prices."

LA FOLLETTE OPENS UP STATE CAMPAIGN

By United Press Leased Wire
Milwaukee.—United States Senator Robert M. La Follette, in an address last night, th first in Milwaukee since 1916, endorsed James Thompson of La Crosse, independent candidate for junior United States senator, and John J. Blaine, republican nominee for governor. Close to 500 persons heard his address.

During the course of his speech, La Follette denounced both the league of nations and the Esch-Cummins railroad law. He made no mention of the republican national ticket.

War Veteran Routs Bank Robbers

Little Town of Bedford Is Idolizing Former Soldier Who Killed One Bandit, Wounded Another and Captured Two More After Sharp Revolver Battle.

By United Press Leased Wire
Bedford, Ohio.—Elmer Porter, garage owner, and former A. E. F. man, was the idol of this little town today and the shining hero of the bloody battle with six bandits here late yesterday.

Porter killed one bandit, shot down another and captured two more, one of the latter George "Jugs" Losteiner being known as one of the "hardest" men in the country. Two bandits were still at liberty today.

The six men entered the Bedford bank and compelling customers and employees to lie down on the floor looted the vault of more than \$33,000.

The alarm was given as they started for the street.

Porter seized an automatic and bying down on the floor of his garage, across the street from the bank, fired at the first man who appeared. The man, running for the bandits' auto, dropped, then staggered to his feet and climbed into the drivers seat.

Porter served with the 135th machine gun battalion of the Thirty-seventh division.

LUNN OUT AFTER HARDING REWARD

Former Socialist Mayor Points Out Inconsistencies in Attitude.

By United Press Leased Wire
Bereford, S. D.—One claimant of the reward offered by Senator Warren G. Harding to anyone pointing out inconsistency in his attitude on the league of nations, appeared here today in George R. Lunn, mayor of Seneca, S. D.

In a telegram today to Senator Harding, Lunn, after citing alleged proofs of inconsistencies, asked as a reward that the republican candidate state in the press whether Elihu Root or Senator Hiram Johnson correctly gives your position.

Lunn's telegram pointed out Senator Harding's speech of acceptance declared:

"Unreservedly of the American aspirations and the republican commitment for an association of nations, cooperating in sublime accord to attain and preserve peace through justice rather than force."

In contrast Lunn cited Harding's speech of Aug. 28:

"It is not uncommon for the advocates of the league of Versailles to contrast unfavorably the Hague tribunal upon the grounds that the tribunal lacks teeth. Very well, then, let us put teeth into it. And the league has been so entwined and interwoven into the peace of Europe that its good must be preserved in order to stabilize the peace of that continent then it may be amended or revised."

Sept. 6, Harding declared, the telegram declared:

"We are all agreed that amendment or revision or reconstruction is possible and vastly better than resolutions," while the Des Moines speech was "I do not want to clarify these obligations. I want to turn my back on them. It is not interpretation but rejection that I am seeking."

JURY SAYS WOMAN IS GUILTY OF SLAYING MAN

By United Press Leased Wire
Norwich, Conn.—Mrs. Mabel Kenyon was found guilty of manslaughter today in her trial for killing Dr. Herbert Tetlow. She shot Dr. Tetlow with whom she admitted having had intimate relations when he wanted her to return to him, according to the woman's claims. She said she killed him by accident when she was trying to shoot herself and he grappled with her.

EXPECT JURY TO INDICT MORE GASEBALL GAMBLERS

By United Press Leased Wire
Chicago.—Additional indictments charging conspiracy to "fix" the 1919 world series and other major league baseball games will be voted today by the Cook county grand jury investigating crooked baseball, it was learned.

Two former big league baseball players and a former prize fighter will be named, it was said.

The pugilist will be accused as acting as agent for a millionaire eastern gambler and one of the former ball players was the "pay-off" man, who gave the alleged bribe to eight Chicago White Sox players, whose indictment have already been voted.

One ball player, whose indictment is expected today, is said to have offered players on other teams bribes to throw games.

Mr. and Mrs. W. S. Putnam of Oshkosh, visited friends here Thursday. Henry Richard of Gresham, was here on business Thursday.

Daniel Anderson of White Lake, spent Thursday here on business.

USE GIBBONS' INTERVIEW TO BOOST LEAGUE

Democrats Give Wide Publicity to Cardinal's Indorsement of Pact.

ROOT STICKS TO CHARGE

New Yorker Avers Cox Announced Himself as in Accord With Wilson.

By United Press Leased Wire
New York.—As was expected Elihu Root respectfully declined membership in the Ananias club.

A thousand word telegram sent to Governor Cox asserted he did the democratic candidate no injustice in saying Cox "declared he will insist upon the treaty just as Mr. Wilson negotiated it."

Root justifies this statement by citing the declaration made by Cox early in the campaign immediately following his conference at the White House to the effect that he and Wilson were in complete accord upon the league of nations.

"If you have changed from that 'complete accord' with him, I have not heard of it," Root said.

Extensive use is being made by the publicity department of the democratic national committee of Stephen Bonnell's interview with Cardinal Gibbons endorsing the league of nations, as published in the Baltimore Sun.

The Candidate's Interview
Copies of the interview were wired throughout the country from the committee's headquarters and democratic managers today voiced the belief it would prove a potent argument on behalf of Cox's candidacy.

It was pointed out at republican headquarters today the views expressed by His Eminence were purely non-political and it was especially noted he refrained from many specific endorsements of Article 10 of the covenant, which is the real issue in the campaign. Also they emphasize the fact the cardinal has long ago been a republican.

"This interview doesn't mean that Cardinal Gibbons has bolted the republican party any more than Taft has," it was said.

Eastern papers today, regardless of politics, all carry lengthy interviews with Senator Hiram Johnson, following the United Press interview yesterday.

Emphasis was placed by some papers upon his analysis of Harding's position regarding the league, in view of Cox's charge of 14 points of "wiggling and wobbling."

The senator is quoted as saying:

"Harding's position has never been equivocal; it is perfectly logical and entirely satisfactory throughout. From his speech of acceptance, down throughout the campaign everything he has said has been consistent."

J. W. Doyle visited friends at Milwaukee Friday.

Mrs. R. H. Radtke, Mrs. J. H. Hegner, Miss Esther Radtke, Miss Sarah Sonntag and Arthur Radtke autoed to Oshkosh Thursday.

JOINS HUSBAND

FELLOW STUDENT IS CHARGED WITH MURDER

Philadelphia.—Detectives searched today for William P. Brines, for whom a warrant has been issued, charging him with the murder of Elmer C. Drewes, Dartmouth student.

Brines, 21 years old, was a student in Philadelphia and was friendly with Drewes.

Police said he disappeared when Drewes' body was found lying under a lamp post in Oaklane with a bullet in the forehead.

Brines, it was alleged, was the man from whom Drewes had planned to purchase an automobile. Police say that Brines' auto was found abandoned with blood stains on it and in one of the door pockets an automatic pistol with two exploded cartridges.

SENATOR REED WORKS FOR LA FOLLETTE MAN

Chicago.—Senator James A. Reed, democrat, of Missouri, will take the stump in Wisconsin in support of James Thompson, anti-league candidate for United States senator, according to a telegram received at republican national committee headquarters here today.

Reed, according to the information given out at the republican headquarters, will open his Wisconsin campaign tomorrow.

Thompson, defeated for the republican senatorial nomination at the primaries, is opposing Senator Lenroot, the regular republican nominee.

Senator Reed will speak at the armory here Saturday night under auspices of the Farmer-Labor league.

BRITAIN IS PREPARING TO USE ITS TROOPS TO KEEP INDUSTRY ALIVE WHILE WORKERS ARE STRIKING

Government Asks Right to Use Soldiers in Case of Any Emergency.

OVERTHROW GOVERNMENT

Radical Leaders Admit Strike Is Start of Nationwide Revolution.

By United Press Leased Wire
London.—The first ray of hope in the British industrial situation in two days appeared in the invitation today of railway union leaders to miners' officials to join them in conference tomorrow.

The press saw in the proposed conference a movement toward settlement of the mine strike. It was assumed railwaymen having demonstrated thoroughly their support of the miners could point a way for a conference with government officials.

Otherwise the situation appeared darker with the trades union congress called into session for next Wednesday, the threat back of the call being a general strike if the miners do not get their demands.

The measure was presented by Home Secretary Shortt.

The government's more followed announcement of a call for a general meeting of the Trades Union Congress to consider what should be done to secure a settlement of the miners' demands. The congress will meet next Wednesday.

Taken in connection with the announcement of transport workers yesterday that failure to immediately resume negotiations with the miners will array the government against the working classes, the call today was accepted as a veiled threat that all British labor will consider joining the miners.

The congress comprises delegates from all labor unions.

Serve Ultimatum
Prior to the call, the parliamentary committee of the congress served notice on the government that negotiations with the miners must be resumed before midnight tonight, or the meeting would be held. The fact that the ultimatum was not permitted to expire was taken as an indication that the more radical element has obtained control of the committee just as they had in the railway and transport unions.

The government, in addition to the emergency legislation, proceeded today with other plans for combating the strike. All the measures adopted during the last railway strike were in effect today. Railway schedules were being cut and supplies of rations hastened to distribution centers.

The emergency bill, permitted the government to use troops for any purpose, was taken to mean that if necessary, trains and ships would be operated by soldiers. They may even be used in the mines.

Overthrow Government
The gravity of the strike was more apparent than ever today. The speed with which the various labor organizations hastened to back up the miners alarmed officials who had discounted the strength back of labor leaders who demanded nationalization.

Leaders of the miners and some leaders among the transport and railway workers were from time to time saying their purpose was the overthrowing of parliamentary government.

That this revolutionary intent existed apparently was taken for granted by authorities in preparing to use the military "for any purpose."

It was stated semi-officially today that members of the cabinet saw no hope of meeting the demands of the ultimatum for immediate resumption of negotiations with the miners. They were said to confess the situation was dark.

CHARGES ROOT IS FALSIFYING ISSUE

Cox Declares New York Man Is Making Desperate Last Minute Effort.

By United Press Leased Wire
Philadelphia, Pa.—Governor Cox beginning his first invasion of New Jersey today, was considering counter-moves against what he believes is an eleventh hour attempt of Elihu Root, backed by Senator Harding, to stem the tide he says has swept toward his candidacy.

After reading Root's reply to his telegram demanding that the republican leader retract his statement that "Mr. Cox want side league just as Mr. Wilson negotiated it," the governor said the apparent objective of this movement is to misrepresent his attitude on reservations from now until election day.

Cox believes that Root is endeavoring to create "the false issue" of the league as written versus the league with the Lodge reservations.

He said he noted similar tactics in Harding's Rochester speech.

"Suddenly the republicans, after their candidate has declared in favor of rejection of the league, begins talking a false Lodge reservations," he said.

"Senator Lodge did not write an endorsement of his reservations into the republican platform and at no time during his somersaulting on this issue has Senator Harding declared in favor of them."

RENEW DRIVE

Dallas, Tex.—A new outbreak of terrorism by night riders seeking to intimidate cotton growers into refusing to sell cotton until the price goes up, was reported today.

The cotton gin at Handley, east of Fort Worth, was destroyed by fire causing an estimated loss of \$7,000. Authorities suspect "night riders."

Threats to burn their plant if it continues to operate were received by officials of the Corsicana, company at Corsicana, Texas. The letters containing the threats were signed "gin burners." Officials said they will continue to run the plant.

Federal officials continued their investigation today into threats against local newspapers that unless they supported the campaign to boost cotton prices, their plants would be destroyed.

EDITOR ORDERED TO GET OUT OF BRITAIN

London.—E. J. Costello, managing editor of the Federated Press Service, ordered deported from England. He claimed today that the motion against him was begun at Washington.

Costello's personal papers were confiscated under the order, but he was permitted his freedom since he had planned to sail for the United States on Saturday.

Washington, D. C.—Secretary of State Colby today was requested to order an "immediate and full inquiry" of the deportation from England of E. J. Costello, managing editor of the Federated Press.

The request was made by Lawrence Todd, staff correspondent of the Press in Washington, who with his associate Paul Hanna, recently was barred by Colby from the state department conferences for newspaper men.

"Mr. Costello informs us that when he inquired of the Scotland Yard office who took his papers as to the reason for this action, he was informed that the office's presumed that the action came as a result of the request from America," Todd's letter to Colby stated.

Vladivostok.—According to reports reaching here from Harbin, in Manchuria, General Semenov, the anti-Bolshevik Cossack leader, is renewing his campaign in the Chita district. There still are about 3,000 Jap soldiers in this district, it is reported.

General Ungern Sternberg, Semenov's chief lieutenant, is said to be recruiting insurgents against the Bolshevik regime in Siberia in his march to cut the Khyakma road, 70 miles south of Verkhne-Udinsk, capital of the far eastern republic.

Workers Stand Pat on Threat to Make Strike a Fight to a Finish.

BELIEVE IT IS BIG BLUFF
Government Officials Declare They Are Not Impressed by Threats.

(By Charles McCann)
London.—England was drifting into an industrial whirlpool today.

Coal miners continued on strike, throwing thousands more workers out of employment. The transport and railway workers stood fast on their threats that failure to make a quick settlement with the miners will mean war to the finish between the working class and the government.

Union and government representatives admitted the gravity of the situation. The government took the view the threatened strike of railwaymen was a bluff to force reopening of the miners' negotiations.

One official pointed out that of the three divisions of rail workers, that at Leeds is non-committal on striking; Liverpool is opposed and south Wales is anxious to strike.

The government believed large numbers of railway workers will remain at their tasks if a strike is called.

Officials professed themselves unimpressed by the threats of Robert Williams and other radical leaders of the transport men and railroads.

Admits Seriousness
At the same time Premier Lloyd George had informed the house of commons that the situation was serious. He added that he had not given hope.

It developed that Lloyd George conferred unofficially yesterday afternoon with Frank Hodgson, vice-president of the miners' federation; William Bruce and Vernon Hartsdon, labor members of parliament. It was supposed they were attempting to find some satisfactory way to free-opening negotiations.

The surprising decision of the railwaymen yesterday in ordering a strike and serving the government with an ultimatum, came dramatically at the end of a long session of union leaders.

Pointing out the seriousness of the situation which meant stoppage of the nation's economic life with the original issues lost in bigger disputes, J. H. Thomas, moderate, said labor now was committed to a fight if the government persisted in championing the upper class.

It was said officially today that 1,100,000 now are jobless in England and 32,800 have applied for relief donations.

APPLETON MAN IS HIT BY SOO TRAIN

Carl Peotter Is in Serious Condition in an Oshkosh Hospital.

Carl Peotter, 1112 Lawrence street, was badly injured Thursday afternoon when a truck which he was driving was hit by the Soo passenger train near Oshkosh. Peotter, who is a driver for the Green Bay Transportation company, was driving from Fond du Lac to Oshkosh when the accident occurred. Roy Johnson, Green Bay, who was with him escaped injury by jumping. Peotter, unconscious, was picked up from beneath the train and rushed to an Oshkosh hospital where he has not regained consciousness sufficiently to tell what actually happened.

Mr. and Mrs. Herman Peotter saw him for a few moments Thursday evening and say that there are no bruises about his face and hands, but they fear internal injury as he complains of pains in his side.

PYTHIANS PLAN VALLEY CONCLAVE

One Thousand Members Are Expected to Attend Big Initiation Here.

W. Frank McGowan was named chairman of the committee on arrangements for the coming Fox River valley conclave of the Knights of Pythias at the regular meeting Thursday evening. About 100 members were present for the dinner in Castle hall, and the entire evening following was devoted to planning for the big event.

Either Lawrence Memorial chapel or the armory will be engaged for the meeting, which is to be held the last part of November. Over 1,000 Pythians from all cities of the valley, including Green Bay, Neenah, Menasha, Oshkosh, Fond du Lac, Neenah, Waupun, Sheboygan, Manitowish, and others will be represented. Each will lodge its candidates for the rank of paid until the conclave takes place.

The Appleton lodge has a large waiting list and it is expected that with those from other lodges more than 100 candidates will be initiated. The Garfield lodge, Milwaukee, said to be one of the best in the country, with the best drill team, will confer the work in the presence of all the Pythians.

Mr. McGowan will be assisted on the arrangements committee by Paul Hackbert and Clarence Zelle. E. L. Post, chairman of the membership committee, will also be active in preparation for the initiatory ceremonies. He will name a staff of captains who will aid in rounding up all candidates on the waiting list, and other prospective members.

MRS. LA FOLLETTE TO SPEAK IN THE CHAPEL

Owing to the large number of members of the Woman's club who have expressed a desire to hear Mrs. R. M. La Follette, the Farmer Labor League under whose auspices she is to appear, has secured Lawrence Memorial chapel for the address to be given by the wife of the United States senator next Wednesday evening. Originally, the address was scheduled for the courthouse.

Mr. and Mrs. Harry Gazerowicz have returned from a wedding trip to Chicago and the east and will make their home on North street.

Lowering Prices by Doubling Sales

That's our plan. Simple, but efficient. Our business is based on many sales at a small margin of profit. By doubling our sales—selling two pounds for every pound we have sold before—we can cut our small margin of profit in half.

For that reason we are featuring certain cuts of prime meat every week at reduced prices. And thrifty housewives are welcoming the opportunity to save on their meat costs and co-operate in lowering prices.

WHITE PLAGUE IS BEING WIPED OUT

Anti-Tuberculosis Association Is Making Headway in Its Fight.

(Special to Post-Crescent)
Madison, Wis.—Pointing to a gradual decline in tuberculosis deaths in Wisconsin from year to year in the last decade, Dr. T. L. Harrington of the Wisconsin Anti-Tuberculosis association, Milwaukee, told Rotarians here Thursday that educational efforts by the association and other health bodies in the state have saved from 600 to 700 human lives yearly during that period. In 1907 the tuberculosis mortality was 107 per 100,000 people; last year the rate was reduced to 35. When ten years ago the association began demonstrating the value of a public health nurse by sending Miss Nellie Van Kooy into Wisconsin

counties to do educational work in this field, it paved the way, Dr. Harrington declared for the establishment of public health nursing on a state basis. The last legislature passed the county nurse law and the state board of health was empowered to establish a bureau of public health nursing. The state board selected Miss Van Kooy to be the state's first supervising nurse.

Other accomplishments of the anti-tuberculosis body cited were the development of diet classes in Milwaukee schools, now taken over by the school board; campaigns leading to the building of 12 county sanatoriums for tuberculosis cases; the course in public health nursing and public health instruction, the only one in the state, by which the association trains young women for this service; and the holding of free chest clinics in Wisconsin cities, in which more than 6,000 examinations have been made, with a record of discovering 15 per cent of them as positive or suspicious cases of tuberculosis, and other serious ailments, leading to remedial measures and the prolongation of life.

MUST USE CARE IN FACTORY HUNTING

Every Kind of Industry Is Not Suitable for Location Everywhere.

(By Hugh Corbett)
(Secretary, Chamber of Commerce)

The problem of the industrial committee of every chamber of commerce is industry-finding. The duty of the industrial committee, according to public opinion, is to get factories for the city. Just how these industries are to be secured, is never given a thought by the public. But the committee in some mysterious way is expected to reach out and pull in a few new factories for the town, not any particular factories—just factories.

Most communities are factory-hungry. So hungry that they are usually ready to "bite"—swallow hook, bait and sinker—when some smooth "J. Rufus Wallingford" blows in, and begins his artistic angling. "Civic pride" often downs and drowns the objection of the industrial committee, and the deal goes through, sometimes with a whoop. And when "J. Rufus" has made his clean-up and get-away, the city learns to its sorrow that buying a factory does not necessarily mean getting an industry.

Who gets the blame for this failure? Not the citizens who forced the deal—not on your life. The blame always is put upon the chamber of commerce.

Every community needs certain industries. It needs those industries because of certain favorable local conditions of labor, transportation, fuel, power, raw material, and markets, these all combined make an industry profitable to itself, and the community.

For every kind of industry, Appleton needs and should have—there are hundreds that have "no business" here. Yet these misfits are the ones that clamor the loudest for local support—civic and financial!

What should the industrial committee of the chamber of commerce do to determine which industries will fit Appleton, and which will not? Do as you or any other business man would do, who wants specific information. Analyze the situation; make a real industrial survey of the city and community. The industrial committee will then be in a position to know the industries needed in Appleton.

And after that what? Can you think of any more reasonable and sensible way, than to be able to talk facts to the executives of the specialized industries Appleton needs; executives who are at this very moment trying to find the ideal community for their industry.

MISS ELSIE SIGL OF ISAAR WEDS PULASKI MAN

(Special to Post-Crescent)
Isaar—Mr. and Mrs. Frank Snell and family were callers at Appleton Sunday.

George Worsch spent a few days with his daughter, Mrs. Mike Meyer at North Crandon.

A number of friends gathered at the home of John Wirth, Saturday evening, the occasion being his birthday anniversary. The evening was spent in dancing and card playing. Refreshments were served.

Miss Elsie Sigl was married to John Wheel of Pulaski on Oct. 19. The young people left for a wedding trip after which they will reside on Mr. Wheel's farm near Pulaski.

Mike Sigl of Green Bay was here to attend the wedding of his sister, Miss Elsie Sigl.

Alfred Mueller purchased a new Ford sedan.

A large crowd attended the school fair and play, "The Brave Little Tommy" at Henry Ulmer's hall, Friday evening.

Miss Anna Hurdst entertained a number of friends Wednesday evening, the occasion being her birthday anniversary. Dinner was served at six o'clock.

Miss Margaret Arnolds of Menominee, Mich., is visiting relatives here. A surprise party was held at the home of Mrs. John Kropp Monday evening, her birthday anniversary. Refreshments were served.

PROMINENT SHAWANO COUNTY MAN IS DEAD

(Special to Post-Crescent)

Seymour—Mr. and Mrs. A. F. Schumaker and little son Winton who have been the guests of Mrs. Schumaker's parents, Mr. and Mrs. F. Brauer, the past week, have returned to their home at Mosling.

Mr. and Mrs. J. H. Bauman are the parents of a baby boy, born October 13. Mrs. W. R. Smith of Norfolk, Nebraska, is visiting her parents, Mr. and Mrs. T. Duffey.

George and Ernest Hallada have gone to Michigan to transact business, and also visit relatives.

Mr. and Mrs. A. Ohlrogge of DePere spent Tuesday with Seymour relatives.

Mrs. Robert Doetsch and son Raymond of Red Granite are the guests of John Hackel and other relatives.

William Diebold returned home Monday from his visit at Milwaukee and Menominee Falls.

Miss Mae Plogger has gone to Appleton to reside.

Mr. and Mrs. Louis Glass and daughter Ruth, Mr. and Mrs. Harry Eggleston and daughter Dorothy of Clintonville spent Sunday at the home of Ernest Haer and Henry Wolfe.

Mr. and Mrs. B. J. Mowers, Mrs. Hanna Jones and Mr. Blencoe left Sunday morning for their new home at Silver Springs, Arkansas.

Mrs. August Gresenz and daughter Elsie, left Saturday for Milwaukee to

visit, before going to Racine, their new home.

Mr. and Mrs. John Kitzinger left on Saturday for Rhinelander where Mr. Kitzinger will be employed in a drug store.

Mr. and Mrs. G. H. Tank and Mr. and Mrs. Herman Tank were here Sunday to visit their mother, Mrs. Mahagan, who is confined to her home with a broken leg.

W. Z. Benedict of Appleton visited his parents, Mr. and Mrs. Charles Benedict Sunday.

Fred Wolk of Minocqua visited with Seymour relatives and friends last week.

Thomas Lutsey, 65 years old, died Saturday. He was born in Slocum township, Lucerne county Pennsylvania January 25th, 1855. In 1876 he took up his residence at Laney, Shawano county, Wis., where he resided until he died.

The decedent is survived by his widow, one sister, Mrs. James McMillian of Crandon, two brothers, Miles Lutsey of Laney and Leonard and Lutsey of Oshkosh; five children, C. J. Lutsey of Pitsfield; Roy Lutsey of Zebrow; Mrs. R. C. Wendt of Bendue; James E. Lutsey of Milwaukee and Hugh E. Lutsey of Laney; nine grandchildren also survive.

The funeral was held Monday afternoon from the home and from the M. B. church at Angelica. The Rev. Mr. Allen of Angelica and the Rev. T. D. Williams of Appleton were in charge.

WOMAN IS STRANGLED TO DEATH BY HER BELT

Superior—Mrs. John Bodin, aged 45, was accidentally strangled to death at her home when the belt of her dress became fastened about her neck when she fell from the porch.

Mrs. Bodin had left the house to go to the back yard. It is believed that she slipped as she was about to step off the porch and that her dress had become caught in the porch railing. The weight of her body brought the belt up around her neck and she was strangled before help arrived.

Mrs. Bodin was the widow of John Bodin, former deputy sheriff, who died last summer.

FLIRTING WITH DEFEAT

The probability is that if the presi-
 dential campaign ran another thirty
 days and Senator Harding were not
 concealed on the back porch at Marion
 the election would go to the Demo-
 crats. The people would not go on in-
 definitely supporting a candidate who
 requires a half dozen conflicting
 spokesmen to interpret his position on
 an issue of supreme national impor-
 tance. Mr. Root, in the only campaign
 utterance he has made thus far and
 after opportunity for consultation
 with the nominee says the only issue
 in connection with the league of na-
 tions is "whether the agreement creat-
 ing the league shall be accepted ab-
 solutely unchanged or shall be mod-
 ified to meet the American objections." This statement is interpreted to mean
 that Harding will accept the league
 with reservations. Two weeks ago
 the senator had the league "scrapped"
 altogether and did not want to "clar-
 ify" its obligations, "rejection" is what
 I seek," he said.

When Mr. Root came home from his
 task of setting up the world court un-
 der Article 14 of the league covenant
 he presumably said "tut; tut;" to Mr.
 Harding and accompanied it with
 some sound advice. At any rate the
 senator immediately became less vig-
 orous in his denunciation of the league
 and within a few days condescended
 to talk about amending the covenant.
 Whereas, he had previously played en-
 tirely to the gallery of the bitter-end-
 ers, Johnsonites and anti-war element,
 he immediately put on the soft pedal.
 Still, the Harding mind is involved in
 much maze. Not knowing it himself,
 it is difficult for his supporters to make
 out its workings, and consequently we
 have a wide divergence of opinion as to
 just where he stands.

Yesterday Hiram Johnson was quoted
 as saying that any charge of ambi-
 guity against Senator Harding because
 of his stand on the league of nations
 was without foundation. "The Demo-
 cratic candidate says that if he is elect-
 ed," Mr. Johnson told his audience,
 "the United States will join the league
 of nations; the Republican candidate
 says: 'If I am elected we will not have
 anything to do with the league of na-
 tions.' That is the way the irrecon-
 cilables and war opponents interpret
 the Harding attitude. Every organiza-
 tion in the country which opposed the
 war, every element whose loyalty was
 under a cloud, is urging the election of
 Harding on the ground that he will
 scrap the league and make a separate
 peace with Germany which will
 "throw" the allies.

There could be no better proof of
 the methods employed by the candi-
 date to obtain votes than his attempt to
 convince "poor Taft" that he is with
 him. Mr. Root that he is with him and
 Hiram Johnson and the Hearst outfit
 that he is with them. He has the sup-
 port of all, and Penrose sits in the
 background and chuckles. It is any-
 thing to win the election, and the pity
 of it is that the Republican party had
 the election won without stooping to
 acts which have at this late day set in
 motion a reaction of a most menacing
 character. An upstanding, fearless,
 statesmanly course on the league of na-
 tions, defying the Hearsts, the John-
 sons, the anti-war back-firers, and
 which came through clean on the side
 of sterling Americanism, would have
 won the election with a decisiveness
 that no other could have insured. If
 it were not for the prejudice against
 continuing a Democratic administra-
 tion, Mr. Harding would today be a
 badly defeated candidate, defeated by
 his own weaknesses.

INSANITY IN RUSSIA

Most of the real Socialists of the
 world, as distinct from the Russian off-
 shoot known as the Bolsheviks, owe su-
 preme allegiance to the so-called "Sec-
 ond Internationale," which held its an-
 nual conference not long ago at Gene-
 va, Switzerland.

Although vigorously reaffirming its
 opposition to the capitalist system, and
 although it protested bitterly against
 the treatment by governments of the
 Russian soviet government, the Sec-
 ond Internationale, nevertheless, de-
 nounced Bolshevism, rejected all meth-
 ods of violence and terrorism and con-
 demned the plan to turn industrial
 strikes into political revolution. It ad-
 vocated a system of legislation into
 political revolution. It advocated a
 system of legislation and administra-
 tion by the working class on a demo-
 cratic basis.

The discussion was summed up in
 the speech of Thomas Shaw, member
 of the British delegation and president
 of the Second Internationale, who at-
 tacked Bolshevism as he had seen it
 during his recent visit to soviet Rus-
 sia as a member of the British labor
 commission. In Russia, he said, there
 was no such thing as a dictatorship of
 the proletariat. All liberty was abol-
 ished, and the working class was op-
 pressed by as autocratic and milita-
 ristic a regime as that of the czar him-
 self. Said Shaw:

We bring back from Moscow and Petrograd
 a sad impression of the condition of the laboring
 class. The workmen have almost no bread to
 eat. The terror inflicted by Bolshevism is so
 great that no one dares express his opinions.
 Arrests are frequent. The workmen must work
 —must work as directed and at what they are
 told.

Evidently European laborites and
 Socialists of Europe are beginning to
 see a great light. Fanaticism, terror
 and wanton murder are not sanity.

HARDING IN BAD LIGHT

Senator Harding will be more dis-
 creet with his tongue after this in com-
 menting upon foreign relations. Of
 all the compromising statements and
 unfortunate blunders he has made, his
 declaration that "France has sent her
 spokesman to me informally" to con-
 sider the formation of a new associa-
 tion of nations, abandoning the pres-
 ent league, was the worst. President
 Wilson's sharp rebuke and his sum-
 mary disposition of the incident by
 communicating with the French gov-
 ernment must have made Mr. Root,
 who realizes the importance of such
 matters, weak in the knees.

Mr. Harding's declaration was a pos-
 itive and direct statement, by infer-
 ence, that he had been approached by
 a representative of the French govern-
 ment. It could mean absolutely noth-
 ing else. A "spokesman of France" is
 a spokesman of the French nation,
 and that is the French government. A
 citizen of France, unless officially or
 unofficially authorized by the govern-
 ment to speak, certainly could not com-
 mit the French nation to anything. As
 a citizen only, or as a politician, his
 message would be mere opinion, mere
 gabble. And that is of course all that
 came to Senator Harding, if indeed
 anything of the nature came to him.
 No "spokesman of France" ever
 brought a message to the senator, or
 to any one communicating with him.
 Nothing of the kind whatever hap-
 pened, and yet Senator Harding in a
 public speech asserted that such an
 emissary was "sent to me informally."

The immediate and emphatic denial
 of the French government that "a
 spokesman of France" had delivered a
 message of this character or of any
 other character to the Republican
 nominee, and asserting moreover, that
 France never has had any idea of
 scrapping the league and never has
 assented to proposed modifications of
 the covenant, leaves Senator Harding
 high and dry and without an explana-
 tion of the misrepresentation of which
 he is guilty. Senator Harding in his
 original speech sought to convey the
 thought to the country that France was
 ready to desert the league and was on-
 ly waiting for Republican omniscience
 to point the way to some substitute.
 He transgressed the proprieties in using
 language which had no warrant of use,
 and in attributing to France an act
 and an attitude which had no founda-
 tion in fact.

What Mr. Harding ought to do is to
 apologize to the president and the
 American people for his misrepresen-
 tation. It is a much more serious mat-
 ter than even politics makes it appear,
 and it reflects, we fear, qualities in the

nominee which are anything but engag-
 ing to the country when he is consid-
 ered as a probable occupant of the
 White house. The incident leaves
 Senator Harding in a very bad light,
 and it cannot help but further shake
 the confidence of his friends who have
 been whistling for weeks trying to
 keep up courage enough to vote for
 him.

GOATS MILK

Goats are known to the public chiefly as connois-
 seurs of tomato cans and odds and ends of tin
 roofs. They are familiar to the neighbors for their
 well developed scent. But goats are really no fonder
 of tinware than are cows. A goat is as particular
 about his food as any cow that ever came over the
 pike at the psychological moment when one had
 counted on driving by. Goats are much cheaper to
 maintain than cows, in proportion to the value of
 the milk they give. A fair to middling Nanny will
 produce, day in and day out, two quarts of the most
 wholesome milk known to man.

Goats are practically immune to tuberculosis and
 to many other diseases which prevail among dairy
 cows. The English medical authorities assert that
 most of the glandular tuberculosis (tubercular lymph
 nodes in the neck, formerly called "scrofula") in
 children is directly due to infection with bovine tu-
 berculosis through the milk. In cities where effec-
 tive public health administration is purchased it is
 generally required that all herds from which milk
 is delivered in the city shall be tuberculin tested to
 guard against this danger. In cities where a penny-
 wise pound-foolish policy of entrusting public health
 to some doctor in his spare moments prevails, the
 milk is likely to harbor not only tubercle bacilli, but
 many other disease producing germs which are ac-
 countable for the shamefully high death rate among
 infants in the summer time.

There are many families who are so situated that
 it would be quite possible to keep a goat. The milk
 is probably better from every point of view than any
 grade of cows' milk to be had, not even excepting
 certified milk. It is a great boon for a baby who
 is unfortunate enough to be fed on the bottle, in-
 stead of being breast fed, as is the baby's birth
 right. To have goat milk absolutely fresh, pro-
 duced on your own premises, and handled in the
 careful, clean way it is likely to be handled by
 anyone interested in the baby's safety, is a prac-
 ticeless advantage, as many families have learned.

QUESTIONS AND ANSWERS

Latest Twist of the "Bee" Business
 I have been given a setting of wine bees from Pan-
 ama. Have you any information concerning this
 fermentation, and is there more than one way of
 setting the bees? (Mrs. C. S.)

ANSWER—These so-called "bees," with various
 foreign countries' names applied to lend an air of
 mystery, are wild or impure yeasts. If you wish
 to ferment something, you should use the pure
 standard yeasts which are sold everywhere for bak-
 ing purposes. As soon as a strange name is at-
 tached to the "bees," a lot of buncombe about the
 medicinal effect of the fermented product becomes
 inevitable. Mr. Barnum was right.

Fresh Air and Sunlight

Are fresh air and sunlight as important in the
 cure of tuberculosis of the bone of the ankle as in
 the cure of lung tuberculosis? (Mrs. H. A. K.)

ANSWER—Yes, if not more so.

Ten Years Wasted

I have had rheumatism for fourteen years. Ten
 years ago I quit drinking coffee and eating meat
 except white meat occasionally, but I seem to get
 no better. (Mrs. J. R. H.)

ANSWER—I do not know why you gave up coffee
 and meat. These articles have no deleterious effect
 in any of the various conditions which masquerade
 as "rheumatism." From your letter I judge that
 you have permitted yourself to be misled by the pur-
 veyors of mere plausibility. Why not consult a
 competent physician and endeavor to learn, first,
 what is the matter, and second, whether the cause
 can be discovered and remedied? Certainly "white"
 meat is no better or worse than meat of any other
 color for one with a joint disease, if that is your
 trouble.

A Lady Arrives

We are farmers and frequently eat a nice piece
 of boiled ham. Now a lady comes and tells us it
 will cause cancer. It has set us against pork and
 we are afraid of it. (Mrs. C. L. R.)

ANSWER—Well, ship me all the lady condemn-
 and I'll eat it and take chances about the alleged
 bad effects. Ham and pork are perfectly whole-
 some.

TWENTY-FIVE YEARS AGO

Friday, Oct. 25, 1895

Dr. William Nolan of Kaukauna was an Apple-
 ton visitor.

Gretchen Sherman, the little daughter of Cashier
 J. Sherman, was critically ill with typhoid fever.
 James C. White, a student at Lawrence univer-
 sity the previous year, died of typhoid at his home
 in Pennsylvania.

A meeting of the paper manufacturers of Fox
 river valley was held at Waverly house for the pur-
 pose of doing away with abuses that had grown
 up in the trade with reference to circulars.

Dr. H. W. Long, formerly of Appleton and origi-
 nator of "Tar Honey" died at his home in Iowa. He
 was a brother-in-law of T. W. Briggs.

The new lodge room of the Kaukauna Knights of
 Pythias in the new Lindauer block was to be dedi-

 replied Desk Sergeant William Brownson.

Free Cancer Treatment

By Frederic J. Haskin.
 New York City.—The greatest cam-
 paign against cancer ever undertaken
 in this country will be opened by the
 state of New York this month.

Two grams of radium have been pur-
 chased by the state through the In-
 stitute for the Study of Malignant Dis-
 eases for the sum of \$25,000. There
 are only two or three hospitals in the
 country which have this much radium.
 It is to be used at the hospital of the
 institute in Buffalo for the free treat-
 ment of any cancer patients who ap-
 ply. Any citizen of the United States
 is eligible for this treatment, but pre-
 ference will be given to those who are
 residents of New York state. Those
 seeking treatment must go to Buffalo,
 as the radium cannot be distributed
 about the country.

Although the amount of radium
 seems a small one with which to offer
 free treatment to all the cancer suf-
 ferers of a great state, it is said by
 experts to be really quite adequate for
 the purpose. Radium, although giv-
 ing off a high degree of energy all the
 time, decreases in bulk so slowly that it
 loses only about 50 per cent of its
 substance in 3,600 years. An almost
 infinitesimal quantity of radium is
 sufficient for the treatment of one
 cancer. The doctors say that the num-
 ber of cases which may be treated with
 this two grams of radium is limited
 only by the amount of apparatus for
 applying it which can be obtained. The
 radium is usually applied in a sort of
 hollow glass needle which is thrust
 into the cancer, although in some cases
 a radium compress is applied.

Value of State Control.

Officials of the Society for the Con-
 trol of Cancer here are especially
 pleased at this move on the part of
 the state because it is important that
 as much radium as possible should be
 placed in the hands of government
 agencies where anyone may obtain the
 benefit of it. It is evident that radium
 offers excellent chances for commercial
 exploitation. If not protected by gov-
 ernment control, radium treatments
 might soon become too costly for all
 except the very wealthy, and it would
 not be an impossible task to corner the
 market on radium.

As it is today, treatment for cancer
 is available for almost anyone who
 lives in a large city or can reach one.
 In New York City there are several
 hospitals which offer free treatment
 with radium and by other means. The
 great merit of this state campaign is
 not only that it offers large additional
 facilities for free treatment, but es-
 pecially that it is being widely adver-
 tised. What cancer needs more than
 anything else is publicity. An external
 cancer, say the authorities, can al-
 most always be cured if it is diag-
 nosed and treated in its early stages.
 The cure of an internal cancer de-
 pends largely, of course, on its loca-
 tion.

The high mortality from cancer re-
 sults from the failure to recognize the
 disease and seek treatment for it while
 it is in its early stages. It should be
 remembered in the first place, that
 cancer is a disease of middle and later
 life. Whenever a peculiar swelling or
 tumor appears in a person past 35
 years of age, cancer should be sus-
 pected, and the advice of a specialist
 immediately sought. What usually
 happens is that the swelling, which is
 painless, is neglected by the patient
 for about six months, until its size

THE QUESTION BOX

(Any reader can get the answer to any question by writing The Apple-
 ton Post-Crescent Information Bureau, Frederic J. Haskin, Director,
 100 West Washington, C. C. H. This offer applies strictly to information. The Bureau
 cannot give advice on legal, medical and financial matters. It does not
 attempt to settle domestic troubles, nor to undertake exhaustive research
 on any subject. Write your question plainly and briefly. Give full name
 and address and enclose two cents in stamps for return postage. All
 replies are sent direct to the inquirer.)

Q. What government department
 is making and selling the paper suits?
 —R. F. G.

A. The department of commerce
 says the paper suits are not made by
 the government. The department of
 commerce did have several suits made
 which were on exhibition in Washing-
 ton, and are now on exhibition in New
 York City. This exhibition is to en-
 courage manufacturers to make suits
 of this kind which would bring down
 the price of woolen and other clothing.

Q. How many aliens are coming
 and going from America?—H. F.

A. The bureau of immigration says
 that in August, 1920, about 86,000
 admissions were admitted and that 45,000
 departed.

Q. Why is rice thrown at weddings?
 —C. W.

A. The use of rice at weddings is
 an ancient custom. It is part of the
 marriage ceremony among the Brah-
 mans of India. The Jews were accus-
 tomed to throwing wheat and the Rus-
 sians oats or barley, while saying "in-
 crease and multiply." Rice is now
 largely used in Christian countries, be-
 cause it is the most prolific of grains.

Q. What state has the longest and
 most severe winter?—J. R. J.

A. The weather bureau says that
 generally speaking the state of North
 Dakota, the eastern portion of Mon-
 tana, and the western portion of Min-
 nesota have the most severe winter
 climate, although portions of northern
 New England and the mountain sec-
 tions of northern New York have
 weather conditions nearly approaching
 those in the sections first named. Like-
 wise some of the mountain districts
 have severe weather over somewhat
 longer periods than in the sections
 previously mentioned, and heavier
 snows may occur but usually the tem-
 peratures are not so low during periods
 of intense cold as occur in the lower
 levels of the states first mentioned.

Q. What kind of material is used
 for making spark plug electrodes?
 —W. J. N.

A. The bureau of standards says that
 nickel wire is used for this purpose.

Q. Please give the origin of the
 phrase "swan song"?—P. W.

A. According to legend, it is be-
 lieved that a dying swan uttered a
 wonderful song. Thus, the phrase
 "swan's song" has come to be applied
 to the last poem or last musical work
 of an author.

New College Courses

The engineering department at
 Lawrence College is planning two
 subsidiary courses in engineering, ar-
 chitectural designing and a course in
 the use of the slide rule, both of which
 will be started as soon as the proper
 arrangements can be made.

A clothing store was broken into and several suits of clothes taken

"How are you going to locate
 the thieves," someone asked
 the constable.
 "Why, I'm going to round 'em
 all up next Sabbath," he replied,
 "them suits is so all fired
 high priced that they can't afford
 to wear them except on Sunday."

It doesn't take much deduction
 to put two and two together.
 The stores that are holding their
 Fall suits and Top coats at
 "Sunday-go-to-meeting" prices
 are not meeting the best class
 of trade this month—because
 the people who can well afford
 to be held up are just the folks
 who have 2 locks on their cellar
 doors.

 that speaks volumes for our
 values—because our values give
 us our volume.

HARDING PUTTING STRESS ON LEAGUE
Candidate Rests for Week Before Wind-Up Campaign in Home State.

By United Press Leased Wire
Marion, Ohio.—Senator Warren G. Harding was back on the front porch today for a week's breathing spell before plunging into his eleventh hour tour through Ohio. He spent today cleaning up mail and resting. Senator Edge, New Jersey, was the only visitor of note scheduled. He has recently returned from Europe where he made a study of financial conditions and his conference with the candidate is to deal in part with economic policies.

As the campaign draws toward the eleventh hour, Harding is taking a more aggressive attitude on the league issue. In all speeches recently he has emphasized the treaty deadlock which he says would result from election of Governor Cox. Not enough votes could be obtained to put through the Cox ratification program in the senate, Harding insists.

"His attempt to carry out his promises would only result in a four year stalemate," Harding said in his speech at Rochester and Buffalo, New York.

NOTORIOUS KANSAS CITY DOCTOR IS CHAUFFEUR NOW

By United Press Leased Wire
Kansas City, Mo.—Dr. B. Clark Hyde, who held the county's attention during the seven years in which he was tried three times for the alleged murder of Col. Thomas H. Swope, his wife's millionaire uncle, today was attired in labors garments attempting to master the art of chauffeuring a seven and half ton sand truck.

Dr. Hyde was "trying to forget the past." He may draw a weekly compensation of from \$27.50 to \$35 dependent upon his ability to master the chauffeur job.

Dr. Hyde recently was sued for divorce by his wife, Mrs. Frances Swope Hyde, who alleged cruelty and neglect. She also obtained a restraining order preventing him from in any way molesting herself or their two children.

Healthy Young Womanhood
THE tendency to constipation begins with girls as they approach maturity, and that is the very time the mother should watch that the important function of daily elimination is regular and normal.

Many thousands of mothers who have daughters will tell you they give only Dr. Caldwell's Syrup Pepsin. A teaspoonful is sufficient to relieve constipation and its commoner symptoms such as headache, bad breath, biliousness, loss of appetite and restlessness.

Syrup Pepsin is a compound of Egyptian Senna and other simple laxative herbs with pepsin and pleasant-tasting aromatics, and a sixty-cent bottle is enough for many months. Eight million bottles were bought at drug stores last year, the largest sale of the kind in the world.

Dr. Caldwell's Syrup Pepsin has been on the market thirty years and there must be genuine merit behind it to develop so large and steady a sale. Buy a bottle today and you will quickly see why it is so popular.

ALIENIST DECLARES WANDERER IS SANE

By United Press Leased Wire
Chicago.—An attempt to establish the sanity of Carl Wanderer, charged with the murder of his wife and an unidentified tramp, was made by the state in the trial here today.

Dr. Clarence Neymann, superintendent of the psychopathic hospital, testified he believed Wanderer sane. Dr. Neymann said he observed Wanderer while the accused man was testifying. Wanderer answered questions intelligently, showed emotion and appeared rational, the alienist said.

Harry Romanoff, Chicago newspaper reporter, testified to a letter said to have been written to Julia Schmitt by Wanderer shortly after the death of Mrs. Wanderer.

VICE CLEANUP IS ON AT GREEN BAY

Women and Girls Arrested in
Raid Get Fines—Official
Is Aroused.

Green Bay—City and county officials are hard hit by Max J. Colton, United States public health officer, in a statement in regard to vice conditions.

"Houses of illfame are permitted to operate with no interference from the city or county authorities," he charged. "I have evidence to prove that girls employed by certain landladies have been sent out on the streets to solicit."

Colton announced that the cleanup on vice was not to be confined to Green Bay, but conditions were being looked into elsewhere and that a nation wide cleanup was coming.

Worse Than Other Cities
 "The situation in Green Bay is deplorable," he said. "In no other large

city in the state are known evil houses allowed to operate as openly as they are here."

Nineteen women arrested in Monday night's raid were required to visit Dr. P. J. Gossin, city health officer. One was sent to a hospital.

When the nineteen women appeared in court after a night in jail, they were dressed in the height of fashion. Luxurious furs, French heeled shoes Spanish veils, lips painted and faces rouged, they were unruined as the charges were read against them. With the greatest concern they glanced over the curious ones in the court room smiling rather haughtily.

Woop at Idea of Jail

Seven of the women pleaded guilty and were fined \$200 and costs each. Judge Monahan first attached a jail sentence of two months in each case, but after the women pleaded and went for leniency he let them off with the fines.

One of the proprietors, Minnie Carminson, pleaded guilty, but her case was continued until next week. She is free on \$500 bonds. The three other alleged landladies are Ruby Clark, Helen Gray and Anna Sanford.

and Accident Toll.

(Special to Post-Crescent)

Madison—The quarterly report of the engineering division of the Railroad Commission for the quarter ending Sept. 30 is just out. Among other items of interest, it summarizes the preliminary reports of the steam railroads as to accidents in Wisconsin at highway crossings and accidents other than those at such crossings. Of the former there were 36 resulting in the death of 16 persons and injuries to 32. Thirty-three of the accidents involved autos, and all the fatalities and all but three of the injuries occurred in these. Of accidents other than those at highway crossings there were 53 resulting in 12 fatalities and 29 injured.

The Commission, during the quarter, completed the valuation of the Oshkosh, Burnett County Tomahawk, Peninsula Power Company, Friend, Pine Lake Rural, Loganville, Walworth, Crivitz, United, Oneida, Mondovi, Muscoda, and Clark County Telephone company plants.

It made field investigations of 55 railroad crossings located in Barron.

Bench marks were set at 50 dams during the quarter and plans for the following dams were approved: Atlas Milling Co., Peshtigo Paper & Pulp Co., Marinette & Menominee Co., Burkhardt Milling Co., and Wisconsin Valley Electric Co.

TO PUBLISH HISTORY OF SHEBOYGAN COUNTY

Sheboygan—"The History of Sheboygan County" is the title of the latest book to be published by the Wisconsin Archeological society. Dr. Alphonse Gerend, Milladore, the author, has embodied the results of intensive research in archeology in a publication, similar to those put out quarterly by the society from the east.

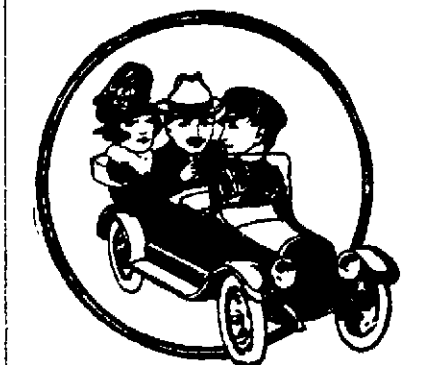

The history is traced from the earliest Indian days and includes details about the various interesting Indian formations which are to be found in that part of the state. Dr. Gerend is especially interested in the triangle mound, near Sheboygan. He tells of the Indian pottery, vases, effigies, arrow heads, and skeletons which have been unearthed and which are in the state museum and in private collections. His personal collection made during a period of years is at the Sheboygan public library.

FONDY VALUATION GOES UP NEARLY \$5,000,000

Fond du Lac—The assessed valuation of the city of Fond du Lac for 1920 shows an increase of approximately 24 per cent over the valuation of a year ago, according to City Assessor E. P. Fitzgerald. The increase is \$4,852,845. The valuation this year is \$25,337,550. The report of the assessor goes to the city commission and as soon as that body receives the budgets from the various city departments the tax rate will be fixed. The present rate is .270.

Fond du Lac has 1,704 automobiles, an increase of 400 over a year ago. The assessed valuation of the autos is given at \$1,163,520 and a year ago it was \$704,165.

State Board of Health Moves to
Stop Average of 267
Deaths a Year.

(Special to Post-Crescent)

Madison—Why diphtheria continues to spread in Wisconsin and to exact an excessive mortality when it can readily be recognized and effectively treated is sought to be learned by the state board of health, which has instituted a systematic investigation. Mortality rates of diphtheria indicate little natural decline in the disease, so more definite studies are deemed necessary, with a view to fixing the responsibility for fatalities and instituting measures for more effective control.

During the eight years from 1912 to 1919 there were reported 2,150 deaths from diphtheria in Wisconsin, an average of 267 a year.

Hereafter an investigation will be made into each death caused by diphtheria. Transcripts of the death certificates will be forwarded to the deputy state health officer having jurisdiction. He will ascertain whether the case was promptly reported, whether a physician was in attendance, antitoxin given, nursing provided, cultures from all contacts obtained and two negative cultures secured from each carrier or other patient prior to release, whether disinfection and fumigation was performed prior to raising quarantine, who

PAPER MEN LOOK TO WEST CANADA

British Columbia Promises to Become World Center of Paper Manufacture.

Vancouver, B. C.—With the world clamoring for print paper, British Columbia promises to become one of the great centers for the manufacture of this product. Ten years ago, not a ton of pulp was manufactured in the province. The total value of pulpwood products in 1919 was \$12,554,357. In money invested in pulp factories Brit-

ish Columbia with \$50,000,000 ranks third among the provinces of Canada. "Great Britain and the United States are drawing the greater part of their paper supplies from Canada," says a report of the British Columbia government. "With a world scarcity of paper, capitalists are turning their eyes to British Columbia which has the largest stands of timber in the world for the manufacture of pulp and paper."

"Of the 370,370,000 cords of pulpwood estimated to exist in the forests of western Canada, British Columbia has 285,370,000. British Columbia timber yields the greatest average of pulp to a cord. This average, under the mechanical process, is 2,485 pounds. "British Columbia is producing enough newsprint to supply all Canada where the annual consumption is 120,000 tons. The output of all kinds of pulp and paper in the province last year was: Sulphite, 30,047 tons; Sulphate, 8,473; ground wood, 93,759; newsprint paper, 123,607; wrapping paper, 7,202."

The province now has seven factories producing groundwood and chemical pulp and newsprint. The entire output of one of these plants goes to Japan. The annual export to Australia is 20,000 tons.

Most of the automobiles imported to Japan in 1918 were of American origin.

Emblems were worn by commissioned officers in the United States army as late as 1872.

GREEN BAY MAYOR OPENS WAR ON VICE

Orders Police to Close All Disorderly Places in City—County Is Next.

Green Bay.—As a result of sensational vice disclosures of the last few days, following on Monday's wholesale raid on four houses, Mayor Elmer Hall on Thursday issued orders to the police to keep all resorts in the city closed.

Some of the places raided on Monday are outside the city and it is thought that District Attorney Cook will ask county officials to close them. Mayor Hall declared himself in favor of the appointment of a policeman to help stamp out vice in the city. The ratings given fifteen Wisconsin cities on the control of vice, after investigations by the United States public health service, show Superior leading all. Milwaukee is fourth on the list. Green Bay, where four big raids were staged last Monday night, is eleventh in fifteen cities.

Max J. Colton, federal official who directed the cleanup here, said that ratings were based on law enforcement, legal activities to suppress vice, medical attention, supervision and educational work.

Of a possible one thousand points, Superior scores 521. The others are as follows: Janesville, 499; Madison, 488; Milwaukee, 474; Oshkosh, 408; Kenosha, 367; Racine, 351; La Crosse, 340; Wausau, 323; Green Bay, 308; Fond du Lac, 278; Eau Claire, 276; Sheboygan, 255; Appleton, 238.

"The greatest need in Green Bay is policemen," said Mr. Colton. "When I return here shortly I hope to see several women on the force. They can work quietly among girls and help to keep them in the straight and narrow course. They can work in the public dance halls, too, where the menace is great."

"Green Bay is advertised quite extensively, I understand, as the town where it is easiest for bad girls to practice unmolested. This, girls of the houses raided, told me. It is advertising, all right, but not advertising of the right sort."

NO SUCH THING AS MATINEE IDOL, FAMOUS ACTOR SAYS

(Special to Post-Crescent.)

New York—Matinee idol? "They ain't no such animal," in the candid opinion of William Faversham, once held to be the greatest idol of the great young things who attend the twelfth p. m. shows. New Faversham is a Selznick movie star.

"Once I got a hat, because a man liked me in the 'Squaw Man.' It was a good hat," said Faversham, "and a fellow sent me a revolver once with six notches. I still have the pistol but not more notches. But I never had a room full of scented roses and flowers and that sort of thing."

ANOTHER WAR HERO BURIED IN FREEDOM

Body of Henry Van Den Bosch Is Returned From France This Week.

(Special to Post-Crescent.)

Freedom. — The funeral of Henry Van Den Bosch who died in France on November 18, 1918, while in service was held here Monday morning. The Rev. F. J. Peters conducted the services. The casket was draped with the national emblem and was carried by six ex-soldiers, Arnold and William Guertel, John Van Den Bosch, John Van Den Berg, Herman Ebben and Peter Van Den Eng. The body was escorted to the cemetery by the Catholic Order of Foresters and the Holy Name Society of which he was a member. Raymond Hoeven, Frank Randerson, and Lawrence Steffen, former soldiers, carried the flag at the head of the funeral cortege. Henry Schommer fired the farewell salute, and John Prochnecke of Kaukauna sounded taps. The decedent is survived by his parents, Mr. and Mrs. John Van Den Bosch, three brothers, Matt, Frank and Peter, two sisters, Mary and Nellie, all of this town. Lieutenant Campbell accompanied the body from France.

Miss Leona Bosman visited her sister, Mrs. Joseph Rickert Tuesday.

Miss Tillie Romoneska who is employed at Brokaw Hall, Appleton, visited her parents here Sunday.

Mr. and Mrs. William Van Den Berg, Sr., Mr. and Mrs. William Van Den Berg, Jr., and son Elino and Mary Romoneska autoed to Racine Wednesday where they spent a few days visiting Mr. and Mrs. John Kieffer and family.

Mrs. William Weyenberg, daughter Esther of Kaukauna spent a few days with her parents, Mr. and Mrs. Joseph Green.

Mr. and Mrs. Ted Smith and family of Kaukauna visited Mr. and Mrs. Gerrit Nabert Wednesday.

The funeral of Dr. Clifton Laux took place here Saturday at ten o'clock, conducted by the Modern Woodmen of which he was a member. Dr. James E. Randerson, a Woodman of Seymour, read the services at the house and at the cemetery. The body was escorted to the Sander cemetery by fifty cars filled with relatives and friends. He is survived by his wife, one son Norman of Minnesota; mother, Mrs. Levi Laux of Ontario, Canada; two sisters, Mrs. John Kern and Mrs. Pierce, and one brother, Norman Laux all of Canada. He was a graduate of Rush Medical College and of the State University of Michigan. He was 60 years of age and a resident here for 35 years.

Henry Ver Hagen is confined to his bed with an attack of pleurisy.

Mrs. Peter Diedrick is suffering with blood poisoning in her foot from stepping on a rusty nail.

The moving picture show given in the church hall under the auspices of the Holy Name Society entertained a very large crowd Sunday evening.

Dr. and Mrs. Flanagan and Miss Lottie McCarty of Kaukauna were callers here Sunday.

SEES NEW REASON WHY HARDING FIGHTS PACT

Minneapolis, Minn.—In a telegram to Governor James M. Cox today, former U. S. Senator Henry C. Hansbrough, of North Dakota, declared:

"I have a suspicion that Mr. Harding's managers are opposed to the league of nations because they fear it would lead to a world-wide democracy."

Over the Top and Then Some

"I never felt better in my life than since taking the first dose of Mayr's Wonderful Remedy. I had a bad case of indigestion and bloating and tried all kinds of medicine. Mayr's Wonderful Remedy is all and more than is claimed for it. On my recommendation our postmaster's wife is using it with good results." It is a simple harmless preparation that removes the catarrhal mucus from the intestinal tract and allays the inflammation which causes practically all stomach, liver and intestinal ailments, including appendicitis. One dose will convince or money refunded. All druggists.

Says Pile Remedy Worth \$100.00 a Box

"I have had itching piles ever since my earliest recollection. I am 53 years old and have suffered terribly. I have tried many remedies and doctors, but no cure. About 8 weeks ago I saw your ad for Peterson's Ointment. The first application stopped all itching, and in three days all soreness. I have only used one box and consider I am cured. You have my grateful heartfelt thanks, and may everyone that has this trouble see this and give your ointment, that is worth a hundred dollars or more a box, a trial. Sincerely yours, A. Newth, Columbus, Ohio."

Peterson's Ointment for Piles, Eczema and old sores is only 35 cents a large box at all druggists. Mail orders filled by Peterson Ointment Co., Inc., Buffalo, N. Y.

A Suit That Will Make You Happy the Season Round

If we sold you today a suit that would last ten years you'd probably buy another next Fall. It's habit to tire of the things we wear; it's self-respect and self-consciousness that prompt us to invest in a new style.

But we've a suit this Fall you'll be proud to wear, proud to own, and proud to display every day, anywhere. It's one of those Monroe Suits, one of those smart, catchy New York models for which Monroe Clothes are famous.

A Monroe Suit lifts you right into line with New York's best dressed men—for in New York Monroe Clothes are bought and worn more than any other kind.

See us today—for a season of clothing satisfaction.

START PLANS FOR ANNUAL ROLL CALL

Outagamie Red Cross Chapter Is Mapping Out Organization for 1920.

Armistice day is to be the opening date of the annual Red Cross roll call, which will be conducted for 1920 along the lines followed in other years. An organization that will reach every portion of the county will be announced in a few days, to take care of both the promotion and solicitation. Mrs. George Woolz, president of the Outagamie Red Cross chapter and Mrs. R. W. Wells, executive secretary of the Red Cross service, are mapping out the organization.

The scope of the Red Cross activities has not been lessened by the absence of war, and the citizens of the county will therefore be asked to enroll in as large numbers this year as

in the past. The ex-service men of the army and navy will continue to be served by the Red Cross in military hospitals and camps. They will be assisted in their recreation and entertainment as arranged during the war. The end of service is not yet reached by the Red Cross. Many of its services for men under arms will be continued for peace time army and navy. Whether the stars and stripes float over military or naval establishments, a representative of the American Red Cross is found. Chapter home service workers will also continue to help ex-service men solve their problems of compensation, vocational training, employment and individual family difficulties.

Threaten Publishers

Dallas, Texas.—Editors of several Dallas newspapers have received letters threatening destruction of their plants if the publications fail to support demands for forty cent cotton. O. M. Spencer, head of the department of justice investigation bureau, announced here today.

MILWAUKEE JOURNALIST WILL SPEAK AT COLLEGE

The city hall reporter for the Milwaukee Journal, Fred Klockow, will talk to the members of the Lawrence College Press club Tuesday evening, October 26. Mr. Klockow is well qualified to talk on newspaper work, having covered all phases of the profession on the Milwaukee daily papers. The club plans to have Dr. Bleyer, head of the department of journalism at the University of Wisconsin here soon. Other authorities on newspaper work will address the club from time to time, as they can be obtained.

HARDING KEEPS LEAD IN MIDWEST STATES

The middle western states still stand by Senator Harding in the Rexall straw vote. The senator usually has a good majority, but is especially strong in Michigan and Illinois. The total national vote to October 18 gives him 523,662 against 346,167 for Gov. Cox.

The state standings are: Wisconsin: Harding, 12,955; Cox, 7,004; Illinois: Harding, 32,490; Cox, 12,857; Iowa: Harding, 12,235; Cox, 4,730; Michigan: Harding, 18,443; Cox, 5,386; Minnesota: Harding, 13,304; Cox, 4,295. The electoral vote remains unchanged giving Harding 353 and Cox 175.

LAWRENCE GRADUATE HAS EUROPEAN JOB

Russell Hall, graduate of Lawrence College, with the class of 1912, who has been representing the Wilson Packing company of Chicago in Paris for the past four years, left Chicago Tuesday and will sail for Genoa, Italy, soon. Mr. Hall has been spending a short vacation with his parents at Fond du Lac.

Mrs. Hall and their two children will accompany him on his return to Genoa, where he will have charge of the interests of the Wilson Packing company. He is a member of the Beta Sigma Phi fraternity.

APPLETON MERCHANT SEES EASTERN TEXTILE PLANTS

Chris Mullen, manager of the Green Dry Goods company, returned Tuesday from an interesting trip in the east. Mr. Mullen was one of a party of eight Wisconsin merchants who were the guests of Marshall Field and company on a tour of its textile factories.

The party visited at Washington, D. C. for a day and then went to Spray, N. C., Draper, N. C., and Field Dale Va. There they went through 11 large factories owned by the company, employing thousands of people. The manufacture of cotton goods was displayed process by process, starting with raw cotton, shipped in from the south and ending with finished goods such as sheets, towels, bed breads, and hundreds of other articles. They witnessed the spinning, weaving, bleaching and shipping processes.

"I have handled these goods for many years," said Mr. Mullen, "but never before had an opportunity to see every step in the manufacture. We were entertained royally by Marshall Field and company, and certainly profited by our trip. I was amazed at the extent of these manufacturing enterprises. Some factories

were built in places where there was nothing but woods before, and where there are now thriving cities."

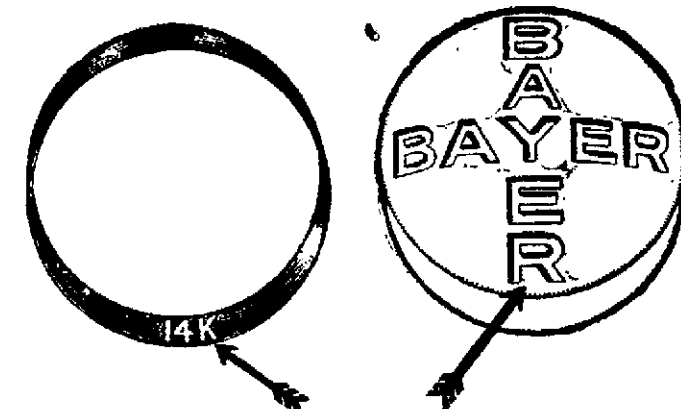

Small hand propellers, to replace oars in rowboats, are being put out by a Wisconsin firm.

"ASPIRIN"

WARNING! Unless you see the name "Bayer" on tablets you are not getting genuine Aspirin prescribed by physicians for 20 years and proved safe by millions. Name "Bayer" has same meaning as 14 Karat on gold.

SAFETY FIRST! Accept only an "unbroken package" of genuine "Bayer Tablets of Aspirin," which contains proper directions for Headache, Earache, Toothache, Neuralgia, Colds, Rheumatism, Neuritis, Lumbago, and for pain generally. Strictly American!

Handy tin boxes of 12 tablets cost but a few cents—Larger packages. Aspirin is the trade mark of Bayer Manufacture of Monocellulose of Salicylic Acid

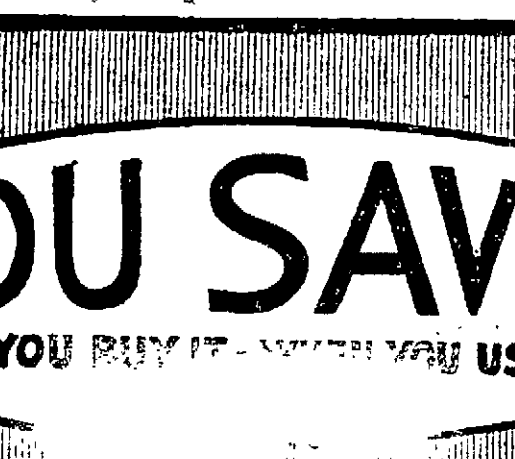

"Tell your Mother KEMP'S BALSAM will stop that cough, Bill. My mother gives it to me when I get a cough and you don't hear me coughing all the time."

First: It is sold at a moderate price. You save when you buy it.

Second: It has more than the ordinary leavening strength; therefore, you use less.

Third: There are no failures—no spoiled bakings. Nothing is thrown away because it always makes the sweetest, most palatable of foods.

Fourth: It is used by millions of housewives—leading domestic science teachers and cooking experts.

CALUMET BAKING POWDER

Fifth: It's the best Baking Powder that can be produced. Was given highest awards at World's Pure Food Exposition, Chicago, Paris Exposition, Paris, France.

Sixth: It contains only such ingredients as have been officially approved by the United States Food Authorities.

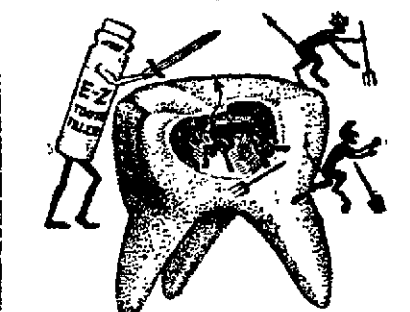

The finest quality Baking Powder—at the most economical cost. Strictly pure—absolutely dependable. "The Biggest Bargain That Goes Into the Kitchen Today."

A pound can of Calumet contains full 16 oz. Some baking powders come in 12 oz. cans instead of 16 oz. cans. Be sure you get a pound when you want it.

Calumet Nut Cookies Recipe
—1/4 Cup butter, 1/2 Cup sugar, 2 Eggs, 1/2 Cup flour, 1 Level teaspoon Calumet Baking Powder, 1/4 cup chopped nuts, 1 Teaspoon lemon juice. Then mix in the regular way.

Ouch! Ouch! Oh, That Toothache!

Don't Suffer. E-Z Tooth Filler Will Kill That Pain and Torture.

Toothache Fights Move Out Quickly

Toothache stands no more chance of lasting after "E-Z Tooth Filler" is applied in the cavity than a chunk of ice has of lasting on a hot stove. It melts away, just as the ice does, and just as quick.

Best of all, though, it's more than a mere temporary relief. When put in the cavity, it seals it air-tight and hardens quickly. The ache stops and stays stopped, while "E-Z" acts as a regular filling until you get ready to go to a dentist for a permanent job.

It is not merely a temporary relief, either, but a real filling for the tooth which will last for weeks or months. Anyone can use "E-Z" (easy) Tooth Filler. It takes but a moment and costs only 3c.

"E-Z Tooth Filler" is for sale at your drugists at 3c a bottle, or sent direct upon receipt of price by the Chas. A. Berman Drug Co., 3471 Easton Ave., Chicago.

EASES A COLD WITH ONE DOSE

"Pape's Cold Compound" then breaks up a cold in a few hours.

Relief comes instantly. A dose taken every two hours until three doses are taken usually breaks up a severe cold and ends all the gripe misery.

The very first dose opens your clogged up nostrils and the air passes in the head, stops nose running, relieves the headache, dullness, feverishness, sneezing, soreness and stiffness.

Don't stay stuffed-up! Quit blowing and snuffling! Clear your congested head! Nothing else in the world gives such prompt relief as "Pape's Cold Compound," which costs only a few cents at any drug store. It acts with out assistance, tastes nice, contains no quinine—Insist upon Pape's.

NESPER TO LEAVE HERE NEXT WEEK

First English Lutheran Pastor to Preach Last Sermon on Sunday.

The Rev. Paul W. Nesper, pastor of First English Lutheran church since April, 1915, will preach his last sermon here Sunday morning before going to Columbus, Ohio, where he will be assistant manager of the Lutheran Book Concern. He will leave early next week with his family for his new home.

The Rev. Frank Reuter, a classmate of Mr. Nesper at Capitol University, Columbus, Ohio, now stationed at Lakeville, Ohio, has accepted the call to the local church. He will not come here, however, until after the first of the year. In the meantime the church will be under the charge of the Rev. Arthur Nicholson, Michigan City, Ind., who will leave shortly after January 1 for India where he will engage in missionary work. Mr. Nicholson recently graduated from the seminary and is now awaiting his passports and permit to go to India.

Mr. Reuter and Mr. Nesper were not only classmates but they worked together on the university football and basketball teams. Mr. Reuter has made a splendid record at Lakeville, it was said.

During the pastorate of Mr. Nesper the local congregation experienced a splendid growth and built the church home which it now occupies. It was necessary to enlarge the edifice recently because of the growth of the congregation. Mr. Nesper received two calls to other work prior to the one from the Lutheran Book Concern, but rejected both of them. The last call, however, was to a position of such importance that his congregation reluctantly released him.

PATIENTS THANKFUL FOR GIFT OF APPLES

The patients at Riverview sanatorium have been supplied with 10 bushels of apples as the result of the appeal recently made to farmers by the chamber of commerce. A committee of women headed by Mrs. Joseph Koffend and Mrs. J. H. Ryan autored to several farms and gathered the fruit, which they conveyed to the sanatorium.

About half a dozen farmers answered the request for the windfall fruit. Mrs. Koffend said that the women are grateful to those who donated, and that the supply was welcomed by the patients. More fruit would have been gathered but the women did not have enough automobiles at their disposal to collect it.

Marguerite Newing and Jean MacFarland will discuss French literature its native and classic influence Jan. 10.

DISABLED VETS MAKE COME-BACK

Columbia University Organization Teaches That "Spirit Is the Thing."

New York.—The first real step in the rehabilitation of disabled soldiers has just been taken. The statement must not be taken to discredit the efforts that have been made by hundreds of agencies and individuals looking toward that end, but the fact is that this is the first real step because it has been taken by the soldiers themselves. The step is the formation in Columbia university of a "Come Back" club, the purpose of which is to combat two things that have almost spelled ruin for thousands of disabled soldiers.

The first of these things has been the inconsiderate way they have been treated by the federal board and employers in many cases, the second has been a very opposite thing—the "you have suffered for us, your life should be made a bed of roses attitude."

Both have wreaked havoc among the ranks of disabled soldiers, the one creating resentment and discouragement and the other a feeling of being a parasite and creating false perspective.

The slogan of the Come Back club at Columbia bespeaks its aims. It is "The Spirit is the Thing" and is based on the belief that with spirit a man can overcome almost any handicap. This spirit, organizers of the club feel, can be built on three points of pride, pride in his ability to come back as an individual, pride in the standing of his club as a whole at the school he attends, and pride in public acknowledgment of the fact that the disabled soldier has a real place in the community.

The result, so far at Columbia has been that more than 300 disabled soldiers have joined the club and it is now their aim to establish a similar club in every school in the country that has disabled soldiers in attendance.

One of the first plans to be worked out was the finding of a suitable place near Columbia where every "buddy" could be housed under the same roof and in that way drive away that spirit of "aloneness" that has been complained of by many disabled soldiers.

It looks like a real "come back" for members of the Come-Back club at Columbia.

ATKINSON DRILLS COLLEGE MAT MEN

Lawrence Expects to Defeat Badger University Grapplers This Year.

Carroll Atkinson has been engaged as coach for the Lawrence wrestling team for this year, according to an announcement by Manager Sullivan. Practice will be started at 4.30 o'clock Monday afternoon at the Alexander gymnasium.

Last year the Lawrence team won two of the state intercollegiate championships. Atkinson winning the light weight and Captain Wundrow the middleweight titles at the University of Wisconsin. Atkinson produced a team last year which placed Lawrence firmly upon the wrestling map with Ames, Iowa, and Wisconsin Universities.

He was placed second in the National amateur championships at Newark, New Jersey in 1916, and has won several other amateur championships. Wundrow will assist Atkinson in coaching the Lawrence team.

There are twelve men from last year's squad who are trying out this year, and with the new material furnished by the freshman class, it is expected that a good team will be developed. It is the aim of the coach to produce a team which will defeat Wisconsin university. A tentative schedule of ten meets besides the city and state championships is being arranged by the manager.

HER OLD FRIENDS HARDLY KNOW HER

Has Improved So Since Taking Taniae Don't Look Like Same Woman.

"I have improved so much by taking Taniae that my friends who have not seen me since last winter hardly know me," says Mrs. Cleo Sagemueyl, 554 Sunny Lane, Milwaukee, Wis.

"Ever since I can remember I have suffered from stomach trouble and nervousness, but last winter my stomach got into such a disordered condition I couldn't digest anything properly, and there were but few things I could eat at all.

I just dreaded to eat anything, for after meals I would bloat up with gas, have sharp pains in my sides and around my heart. My heart at times pounded so I thought I would smother and at other times seemed like it would stop beating altogether. I had a dull pain in my back all the time and my nerves were shattered.

"I got so weak I had to give up nearly all my housework, and last winter I was down in bed a great deal of the time.

"I am now on my third bottle of Taniae, and I have already gained eleven pounds. I am hungry all the time and I can eat meats, vegetables, pastries, or just anything I want and never suffer the least inconvenience. The gas and cramping pains have stopped, my nerves are quiet, I sleep all night long without waking up once and feel fine in the morning and I now have strength and energy to do my housework with ease."

Taniae is sold in Appleton by John E. Voigt, F. O. Brown, Shlucron, Dr. J. M. Sattler, Bear Creek, H. E. Abend, Dale, R. E. Lowell, Little, Chute. adv.

CATARHIAL DEAFNESS MAY BE OVERCOME

If you have Catarrhal Deafness or head and ear noises or are growing hard of hearing go to your druggist and get 1 ounce of Iammil (double strength) and add to it 1/2 pint of hot water and a little granulated sugar. Take 1 tablespoonful four times a day.

This will often bring quick relief from the distressing head noises. Clogged nostrils should open, breathing become easy and the mucus stop dropping into the throat. It is easy to prepare, costs little and is pleasant to take. Anyone who has Catarrhal Deafness or head noises should give this prescription a trial.

READS PAPER ON AMERICAN MUSIC

Work of American Composers is Discussed by Mrs. J. P. Frank.

Mrs. J. P. Frank, chairman of the music department of the Woman's Club, read a paper on "American Folk Music" Thursday afternoon at the Vocational school in the next discussion the work of Steben Foster, who wrote most of the typical American folk songs or "darky melodies" such as "Massa's in the Cold Cold Ground," "Old Folks at Home" and many others, was given most prominence. It was noted that although the productions of Mr. Foster's pen and mind were prolific, all of them possess beauty of words and charm of melody. He wrote his poems first

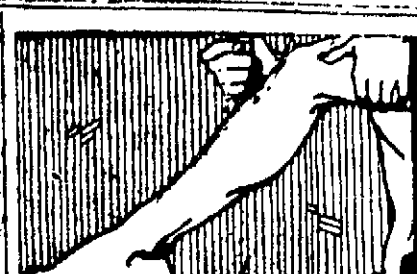

and then hummed until they fit into a melody.

Mrs. Elizabeth Acker Allen, who was the composer of "Ben Bolt" also received her share of attention. After the reading of the paper, Miss Mildred Bunnell, a student of the Lawrence Conservatory gave three charming piano solos of McDowell's the "Frolude," "A Soolish Tone Poem," and "Ragadon."

The first ship made in America slid into the water at Popham Beach, on the Maine coast, in 1607.

BURGLARS GET \$10 FROM CITY LIBRARY

Thieves Try to Get Into Clerk's Office After Visit to Library.

A burglary which netted about \$10 was committed at the Free Public Library Thursday night. It is the belief of Chief of Police George T. Prim that it was the work of boys who secreted themselves in the basement of the city hall before the doors were locked.

Police found a new "jimmy" which apparently was used to pry a strip off the door leading from the basement stairs to the library vestibule. This made it possible to open the door and gain entrance. A small amount of cash was taken from a desk which the thieves ransacked.

The burglars then made their way upstairs and attempted to burglarize

Always Safe

Mother, Father or anyone of the children can trade at this store with a feeling of thorough confidence in whatever is bought, not only in quality and value of the merchandise, but also in its correctness of style.

As a rule, for what reason nobody has been able to explain, the average man is not keen on going into a department store to buy things for himself. Whether it is a habit or imagination, we don't know, nor are we in a position to judge, for the simple reason that among the best and most economically dressed men in this community are scores who buy here everything they wear.

Of course, we don't know what other department stores do, but the men's wear section of our business is given as much thought and care as is given to any section. To that probably is due our ever-increasing business in these departments.

It makes it mighty nice to have a store in your community where any member of the family can go and buy whatever is needed with a feeling of knowing that he or she is ALWAYS SAFE.

Put your trust in this store where the service to the child of ten is the same that is given to the grown-up.

LAWRENCE BAND WILL APPEAR IN UNIFORM

Besides being fully organized and able to render service, the Lawrence band has secured new uniforms, and will make its first appearance in them at the Lawrence-Northwestern game Saturday. The uniforms are white, artistically trimmed with blue.

The band consists of 25 men, and if music will help to defeat the Northwesterners, these men will do their share. They will probably parade thru the business section of the city before the game.

The band will turn out to the home games as much as possible, and will accompany the team when it journeys to other cities. On Saturday, Oct. 30, it will accompany the team to Ripon.

The office of E. L. Williams, city clerk, using an umbrella stand from the library, one of them evidently tried to climb over the transom and in so doing kicked out the window light in the door. Nothing was missing from the office when a search was made later. The police have no clue to the identity of the thieves.

Living microorganisms have been found in paper more than 2,000 years old.

OPPONENTS SPEAK HERE WEDNESDAY

Dr. Reinsch and Senator Lenroot Will Speak Here Wednesday Night.

The League of Nations, principal issue of the 1920 presidential campaign, will be presented from two angles next Wednesday evening when two candidates for United States senator, Dr. Paul S. Reinsch, republican, and Irvine L. Lenroot, republican, speak in Appleton. Mr. Lenroot will speak in the armory but Dr. Reinsch's meeting place has not been selected. Both addresses are scheduled to start at eight o'clock. It has been suggested, however, that one of the men precede the other so that Appleton people will have an opportunity of hearing both sides of the question.

Dr. Reinsch is committed to the league of nations substantially as it was negotiated by President Wilson. It is understood, however, that he is willing to accept some reservations which clarify the provisions of the league so long as they do not destroy it. This is also the attitude maintained by the White House when it was found that the league, without any reservations, was impossible of ratification.

Senator Lenroot, on the other hand, has lined up with Senator Harding as opposed to the league. Just what is meant by that is not clearly understood inasmuch as Senator Harding has announced that he is for complete rejection of the league and then qualified his statement by saying that there are some things in the league which should be retained. It is expected that Mr. Lenroot will set Appleton people right on the position he is taking in this controversy.

PROVIDE PASSES FOR RAILWAY MEN

Widows of Deceased Employees Given Free Transportation on Trains.

Local employees of the Northwestern Railway company are busy making their applications for passes for 1921 which are being received by division superintendents, division engineers, master mechanics and roadmasters.

The company is especially liberal with pensioned employees and their wives, who are to receive the same class of annual passes as the employees received when pensioned.

Widows of deceased pensioned employees will during widowhood continue to receive the same annual transportation as was held by their husbands at the time of their deaths.

Widows of employees who have died while in service will during widowhood continue to receive the same class of transportation as held by their husbands at the time of their deaths, provided that the deceased husband had been in the service of the company for twenty-five years.

Widows of employees who have been in the service of the company for less than twenty-five years continuously are to receive during their widowhood a limited amount of free transportation on the recommendation of the division superintendent or other officer under whose jurisdiction deceased employee served at the time of his death.

Racine—Mrs. Gladys M. Dwight, wife of O. Lyman Dwight, Milwaukee, who served as a captain during the late war, will appear before a jury in Probate court here in an effort to prove her charge that her grandmother, Mrs. Magdalene Roggenbau, was mentally incompetent and that undue influence was used at the time of the making of the will.

Under the terms of the will, Mrs. Dwight, daughter of the late Frederick Roggenbau, a former resident of Milwaukee, is bequeathed but \$500 of an estate claimed to be worth \$35,000. The residue of the estate is bequeathed to Mrs. Emily Nass, a daughter of the testatrix, who resides in Wauwatosa.

18 YEAR OLD BOY FORGES 3 CHECKS

Appleton Police Arrest Vincent Janssen for Defrauding Kimberly Men.

Charged with forging three checks in Kimberly amounting to \$42.50, Vincent Janssen, an 18 year old young man employed at the Combined Locks paper mill was arrested Thursday afternoon by Chief George T. Prim and Detective John Davall. He is said to have confessed his guilt.

Two of the checks were alleged to have been cashed September 1 by Janssen. Both were on the Bank of Little Chute, were payable to "Frank Janssen" and were forged with the signature of John Miron, a contractor who recently did some work at Kimberly. One was for \$8.50 and was presented to Theodore Jacobs, Kimberly. The other was for \$9.50 and was presented to John Leynedecker, Kimberly.

No trace of the perpetrator was found by the Kimberly authorities, and the investigation was renewed when a check for \$24.50 was presented to C. W. Fieweger, Kimberly merchant, who afterwards found it to be bogus. It was alleged to have been presented by Janssen, who purchased a pair of overalls, receiving the balance in cash. The overalls were thrown into the river. This check was also made payable to "Frank Janssen" and was forged with the

signature of George W. Look, a Kimberly butcher.

The assistance of the Appleton police was sought in solving the matter. Chief Prim and Detective Davall worked most of Thursday on the case at Kimberly, and finally arrested Janssen, who is said to have admitted that he made out the checks. He is confined in the Appleton jail awaiting trial.

ROWLAND MAY BOSS CHICAGO CUB TEAM

Former White Sox Manager Said to Be Stated for North Side Job.

Chicago—The baseball bee is a busy little buzz these days. He fits around day and night and every ten minutes the busy bee ships you some brand new baseball information.

Here is one of the latest: Just when we have Clarence Rowland headed for Detroit to manage the Tigers next season the ti comes that he may remain right here in Chicago and as the manager of a major league club. Not the White Sox, to be sure, Rowland was turned loose by Charles A. Comiskey following the close of the 1918 season and since then Clarence has done no major league managing.

Rowland's friends are legion. They believe he ought to get another chance, that he was not treated altogether fairly when let out by the old Roman. There is a strong following here in Chicago that would like to see Clarence manage the Cubs next year. Some mighty big men are trying to get it over. They may succeed. Clarence says it's all news to him.

FOUR UNBEATEN TEAMS WILL MIX ON SATURDAY

By United Press Leased Wire Chicago—The five undefeated big ten football teams will play tomorrow, four of them against each other.

Ajono Stagg's maroons will get their first real test of the season when they meet Iowa at Chicago. Although Chicago defeated Purdue earlier in the season the boiler-makers did not give the maroons a real workout.

Michigan will also go into its first important engagement of 1920 when the Yost eleven plays Illinois, champions of 1919 at Ann Arbor.

Ohio State and Wisconsin, both still undefeated, will play at Columbus. The Badgers showed they would make a strong bid for this year's title when they defeated Northwestern decisively last Saturday.

Michigan is the unknown quantity of the conference. If Yost's machine is able to defeat the Illinois eleven, they will have the best chance at the title. They have been reckoned as strong as Wisconsin on the dope sheets.

Paul Althaus, tenor, of the Metropolitan Opera company, will open the series of concerts and lectures of the Community Artist and Lecture Course on Nov. 16 at the Lawrence Memorial chapel.

GRID MEN SET FOR SATURDAY'S GAMES

Lawrence Plays Northwestern Here While High School Plays Marinette.

Lawrence college football layers showed their usual lap of pen in practice Thursday afternoon. McChesney did not give the men scrimmage practice because there were not enough men out for two teams. Forward pass, defense, dummy tackling and signal practice made up the afternoon's workout.

But Lawrence practice this year, apparently not an indication of what the team can do in a game. That was illustrated last week in Beloit. The team showed up poorly on Thursday night but played a whole of a game against the state liners, so good that Beloit never had a ghost of a chance. Northwestern is not expected to give Lawrence as much opposition as Beloit but the team will have to perk up to get a victory.

Appleton high school griders will get their last light workout today in preparation for the game at Marinette Saturday. Several members of the team are rather sore and lame but all expect to be in good condition when the whistle blows on the Marinette field.

Nearly 300 fans will accompany the team to the northern city Saturday morning, many of them making the trip by automobile. Fans are taking much more interest in that battle than in the Lawrence game here because of its bearing on the state championship.

EASTERN GRIDERS MIX IN BIG GAMES

Harvard-Centre Game Gets First Call on Eastern Football Schedule.

(By Henry L. Farrell)

New York—If the earth quakes a little under the thud of football feet tomorrow some fine air castles are liable to fall.

With the slightest upset of the dope, Harvard, Princeton, Pittsburg, Penn. Cornell, Penn State, Brown, Syracuse, Washington and Jefferson or Lehigh will be shoved behind in the rush for the eastern championship.

Harvard and Centre get the premier place on the Saturday bill.

Harvard is being picked to win because of a heavy line that makes straight football look improbable for Centre and because of Harvard's surmised ability to stop a forward pass and render null a one-man attack.

The Syracuse-Dartmouth games look next important. Syracuse has to win to keep in the race and Dartmouth is powerful as evidenced by holding mighty Penn State to 14 to 7 and by beating Holy Cross 14 to 7.

With one of the finest back fields on the gridiron and her well known tiger heart, Princeton ought to beat the navy in their important tilt.

Pittsburg has one of the strongest teams in the east and the Warner boys should beat Georgia Tech in the annual classic of smoketown.

On comparative showing last week, West Virginia has a good chance to beat Yale. Tad Jones has made several shifts among the Eli's and young Thorne Murphy at quarter may be able to keep the blue in smoother working order.

Penn's game with Virginia Military Institute looks soft on paper.

Gib Dobie's Cornell eleven will get its first real test of the season against Colgate. The Ithacans will have to show class to beat Colgate although the Hamilton team hasn't won a game this season.

Barring a tie, one of two unbeatable candidates for the eastern crown will have to point thumbs down after the Washington and Jefferson-Lehigh game. Lehigh has made the better showing on a harder schedule so far.

GREEN BAY DOCKS NEARLY CAUGHT UP

Need only 50,000 Tons of Coal to Equal Last Year's Record.

Green Bay—If navigation stays open four weeks longer the coal imported from Lake Erie points will surpass the total number of tons received here last year. The coal boats are coming in thick and fast now. Only 50,000 more tons are needed to equal last year's mark.

During September all records for coal imports were broken at this port. More than one hundred and seventy thousand tons of coal arrived. This brings the total receipts up to 458,483 tons.

Green Bay does not use all this coal. This is a great distributing point for the northwest, much coal is shipped out of here by rail and the Fox River Valley cities also depend on Green Bay for their fuel supply.

More than seventy-five coal carriers, with cargoes ranging from 500 to 12,000 tons, have unloaded at this port during the season. An average of 300 tons a day are going out to the cities along the Fox. A fleet of small tugs and steamers make daily trips.

GUNBOAT-SMITH HURT IN BOUT WITH GREB

By United Press Leased Wire

South Bend, Ind.—Surgeons were to examine Gunboat Smith's right eye today to ascertain the seriousness of the injury sustained here last night when Harry Greb of Pittsburg, brought their scheduled 10 round bout to an abrupt close after two minutes of fighting. Greb, after a few clinches landed a hard left on Smith's right eye, injuring the optic nerve and blinding him.

A second later he landed a right on Smith's jaw, knocking him out.

HILLIS LECTURE WILL DESCRIBE BOLSHIEVISM

Scenes in Moscow, Petrograd, Vladivostok, Minsk, Breshkovsky, Count Tolstoi, Kerensky, Trotsky and Lenin and pictures of the ruin wrought by the Bolsheviks in Russia, will be among the numbers presented in the pictures accompanying the great "Hillis lecture" on "How Bolshevism Ruined Russia" at the Methodist church Sunday evening. This is one of the outstanding lectures of the series and it is full of interest. A patriotic "sing" will be conducted by Miss Gertrude Graves before the lecture: the Misses Northway and Hunt and the Messrs. Mable and McRae will sing "Even Me" and Warren and the Misses Carr and Fischer will present Howe's duo, "In The Cross of Christ I Glory."

LITTLE CHUTE PLAYS MEMONINEE SUNDAY

The Little Chute football team, made up of Little Chute and Appleton men, will play the strong Menominee, Mich., team at Menominee Sunday afternoon. The Michigan squad recently played the Green Bay Packers, losing but putting up a good fight. The Chuteers will have to extend themselves to the utmost to get an even break with the northern team, it was said.

Practice has been held three nights every week at Little Chute since the start of the season. The men are said to be in excellent condition and are able to give most teams all the fight they are looking for.
